World's Premier
CA Gurukul

About Us

UPACA GURUKUL is the brainchild and creation of CA. Uttam Prakash Agarwal, former President of The Institute of Chartered Accountants of India (2009-10) and visualized with the aim to design and build a global campus for students pursuing Chartered Accountancy course. The basic concept here is to restore India's age-old tradition of a Gurukul wherein a student has to leave the comfort zone of home, stay at a Guru's Ashram (Gurukul) for the entire training period, learn various subjects towards gaining a professional edge, study scriptures for developing spirituality and last but not the least, co-exist with other students and the Guru's relatives as a family to learn and polish social etiquette. Similarly, by the end of the training period at UPACA Gurukul, parents will be proud to welcome back matured students, transformed into all round citizens, confident and ready to take on the world.

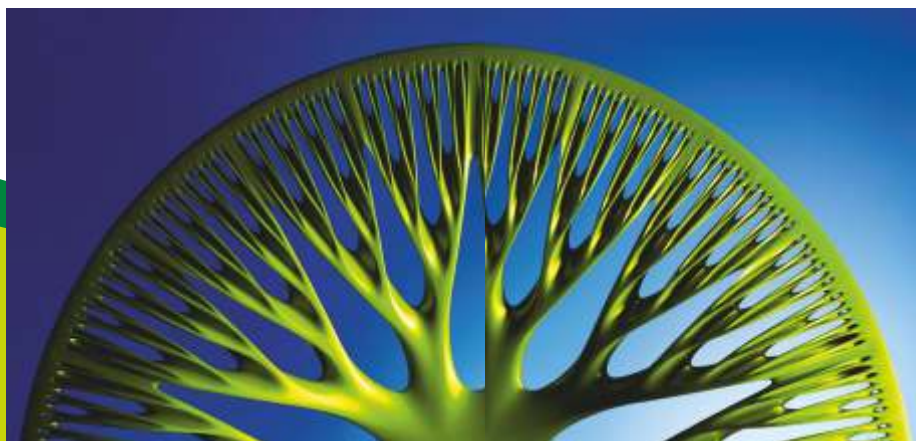

The promoting body for UPACA, "Uttam Prakash Agarwal Shiksha Pariwar" (UPASP), is a Section 8 company registered under The Companies Act, 2013. UPASP is an endeavour totally dedicated towards educational as well as societal welfare by CA. Uttam Prakash Agarwal and his professional colleagues from diverse fields. UPASP has envisaged the Gurukul as an exemplary hub for learning professional courses in the fields of finance and related streams. Our mission and philosophy is to fulfil the all-round needs of modern day students - intellectual and physical - and more importantly equip them with the necessary skills to enable them to thrive

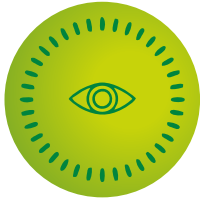

and succeed in today's fast paced global economy. The educational framework is regularly calibrated to align with the requirements of the corporate world, complemented by use of the latest technology. In brief, UPASP firmly believes in the motto "Discover True Learning" and leaves no stone unturned in attaining this goal.

Today, the students pursuing Chartered Accountancy face a number of challenges as they try to balance their life between the following:

- Graduation course
- CA coaching
- Articleship
- Hostel/ Paying Guest/ Home
- Logistics of travelling to and from these points

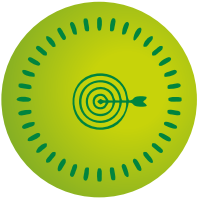

Keeping all of the above in mind, the structure at UPACA Gurukul has been designed to serve as an integrated solution provider i.e. students aspiring to become financial professionals can avail of all the best possible facilities on the same campus itself. UPACA is the first specialised CA Educational Institution in the world, focused on providing all the best facilities related to the Chartered Accountancy course under one roof.

Vision

“To be a leading educational institution by providing world class education in diverse emerging disciplines to produce conscientious and learned professionals who significantly contribute to the socio-economic development of the nation”, through “Discover True Learning.”

Mission

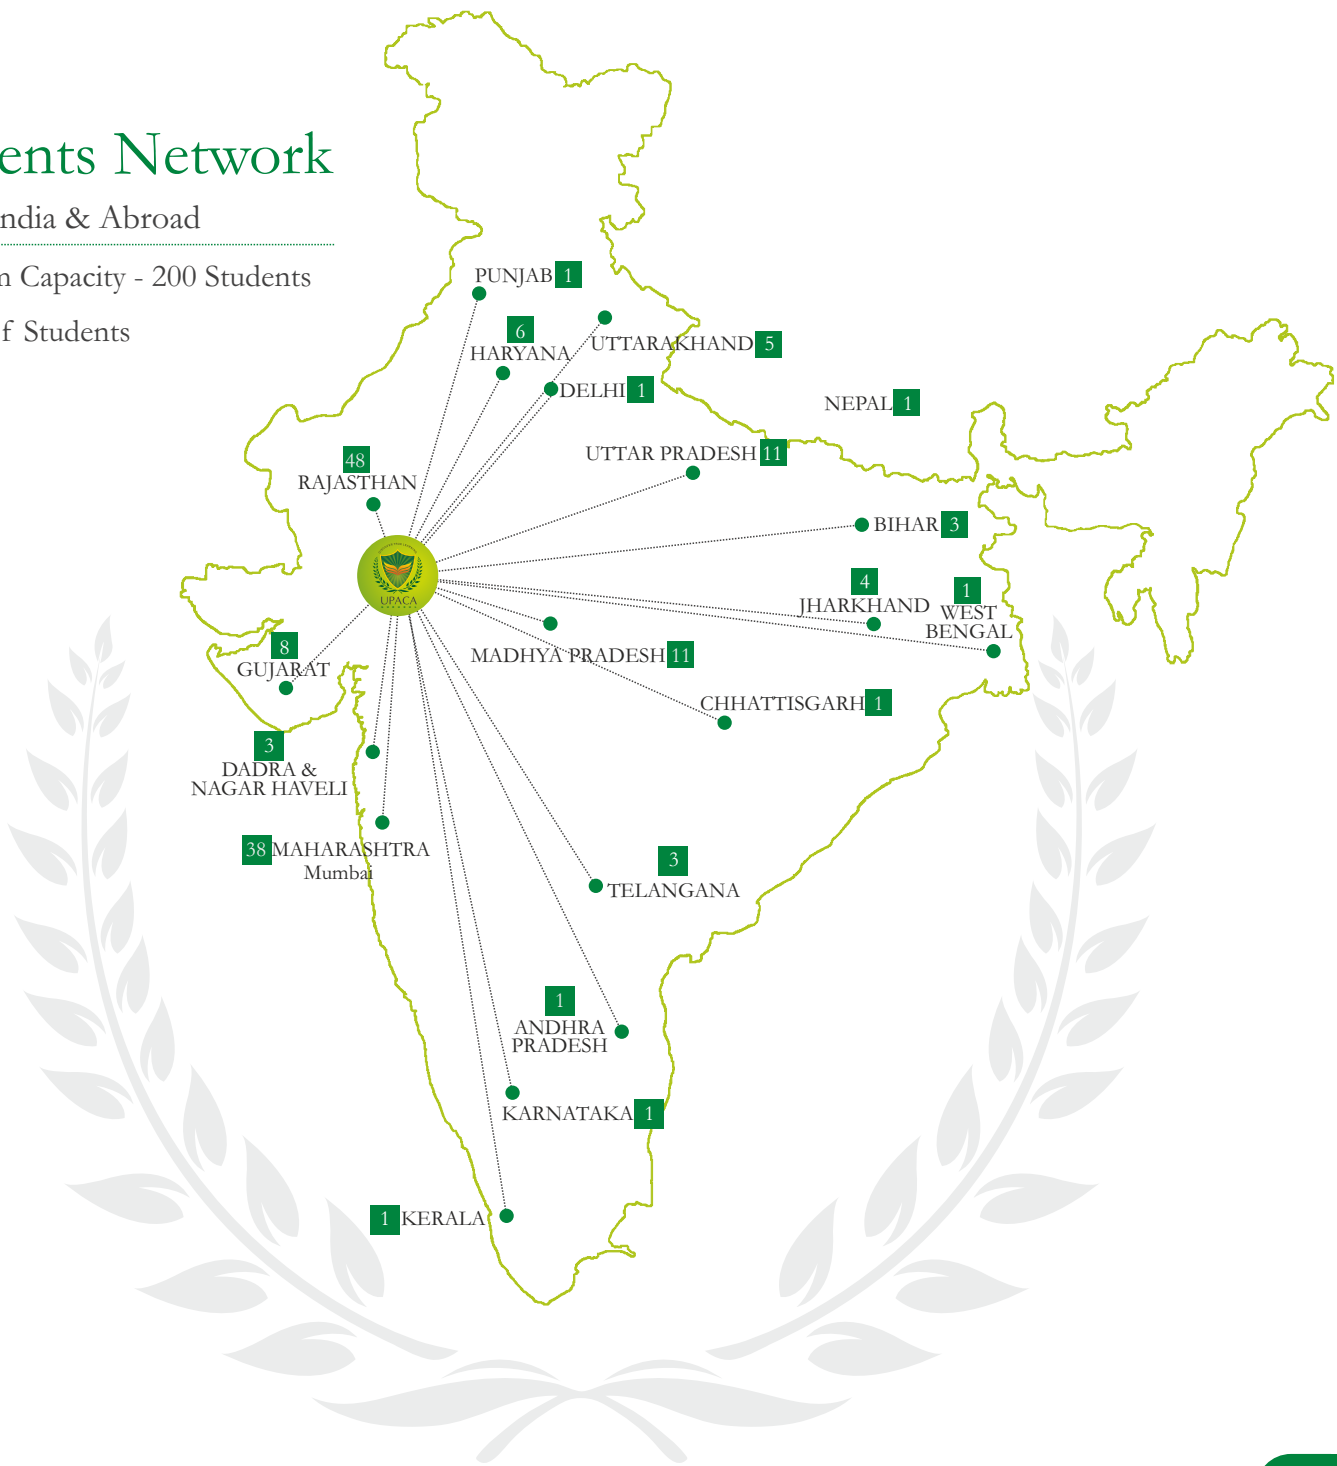

“We, at Uttam Prakash Agarwal College of Commerce and Economics will strive to achieve excellence through quality education, green environment, fitness centre, indoor and outdoor sports by providing the right academic ambience for overall development of the students.”

Founder's Desk

I take immense pleasure in humbly introducing this unique concept of UPACA Gurukul. Having been a CA for the past three decades, it has always been my wish to give back to this wonderful profession called Chartered Accountancy. This profession has given me fame, accolades and more importantly – a sense of true achievement. UPACA Gurukul, my long-standing dream, is my way of giving back to the CA fraternity what it has given me till now.

During my tenure as President of The Institute of Chartered Accountants of India (ICAI) and as an office bearer of ICAI at National and Regional levels for more than a decade, I have observed one thing prominently – the ever growing reach and popularity of the CA profession and the increasing influx of students opting for the Chartered Accountancy course has led to mounting pressure on the existing infrastructure, resulting in insufficient facilities as the existing infrastructure has not been able to keep pace with the growth.

This inadequate infrastructure has been a major obstacle for CA students in their path to achieve excellence and success. This also compels CA students to be ensnared by the web of coaching classes and manipulated by their monopoly. This over dependence on coaching classes has allowed their mushrooming wherein the coaching is devoid of personal attention or conceptual knowledge.

I firmly believe that there is a severe lack of alignment between industry requirements, the system of education and facilities available to students. Although the course content and the features like practical training charted by ICAI are aptly suited to industry requirements, students are not able to realize its benefits as effectively as they should.

Coupled with this, students also face many other problems like balancing their graduation course along with their articleship. To add to their woes, they have to attend coaching classes cramped with 400-500 students in a room, wherein the faculty lays more stress on syllabus completion rather than focusing on students' conceptual clarity and individual development. CA students thus end up wasting most of their time in unproductive activities like travelling and managing related tasks.

Under such circumstances, it is unfair on anybody's part to expect a CA student to devote time, effort and dedication required for a rigorous course like Chartered Accountancy.

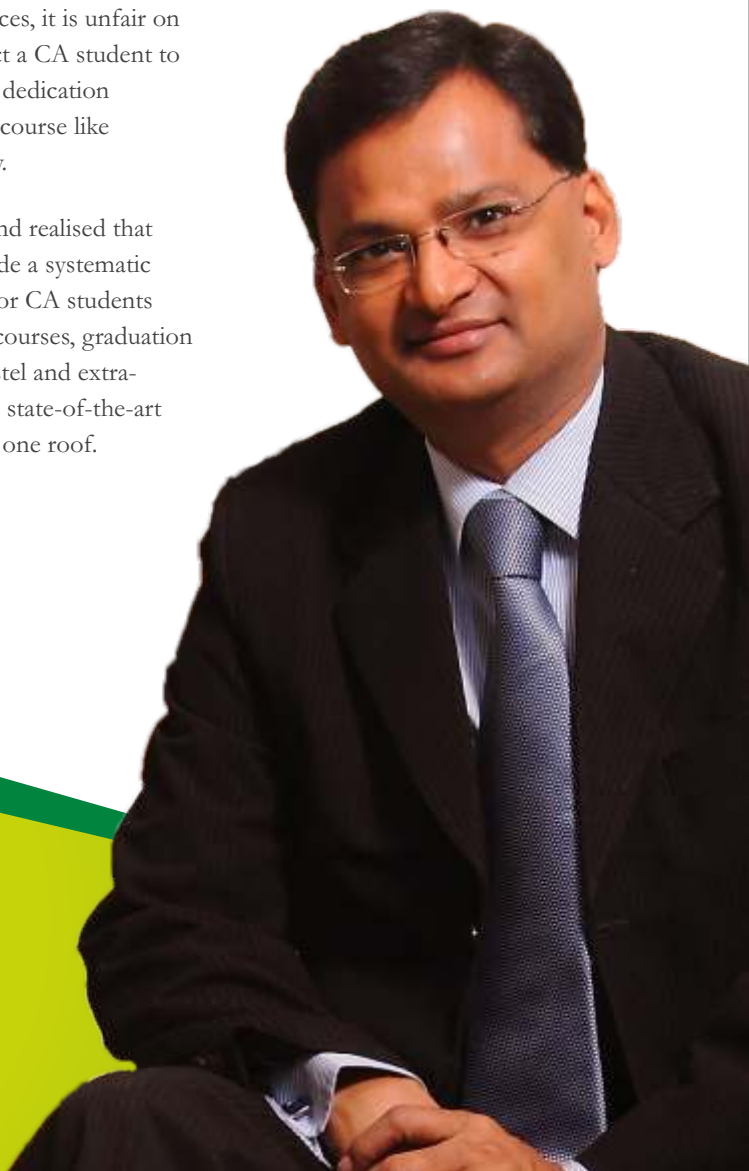

Hence, I strongly felt and realised that there is a need to provide a systematic learning environment for CA students which will include CA courses, graduation courses, articleship, hostel and extra-curricular facilities with state-of-the-art infrastructure all under one roof.

UPACA Gurukul is my heartfelt effort to provide a comprehensive solution for the problems faced by CA students. The philosophy behind UPACA Gurukul makes it a unique concept – that which provides CA teaching, graduation teaching, articleship, hostel and extra-curricular facilities all in the same campus. I am glad to present to you my brainchild imparting not only CA training but also incorporating various soft skill programs and vocational courses, thereby shaping the overall growth of students with the best surroundings and infrastructure facilities.

CA Uttam Prakash Agarwal

Founder, UPACA Gurukul

Former President, ICAI (2009-2010)

“

Do not go where the path may lead,
Go instead where there is no path
and leave a trail.”

From The CEO

Understanding the need to promote quality education, my father envisioned this Institute as an appropriate way to impart relevant knowledge and help students lead a lifelong journey of enrichment and success. Thus, upon getting qualified as a CA, he granted me the responsibility of becoming the Honorary Chief Executive Officer of our esteemed Institution, UPACA Gurukul. Being a CA myself and having gone through its demanding and gruelling hardships, I could comprehend the shortcomings of our current CA education system. Additionally, the never-ending strife between college, articleship and CA preparations takes its toll on the students. UPACA Gurukul is an attempt to counter these setbacks by providing a world-class and all-inclusive education.

UPACA Gurukul lives up to the term Gurukul by providing an environment which is ripe for all-round development of each and every student. Our Institute aims to establish a Global Campus for the creation of business leaders. At our Gurukul, the educational framework is continuously calibrated to align the mandatory requirements of the ICAI alongside the demands of the corporate world with the help of cutting edge technology. As I grow into this new leadership role, I aspire to earn the same encouragement and support that you graciously bestowed on my father. I assure you that I will not leave any stone unturned in fulfilling our motto, 'Discover True Learning', in the real sense.

With Warm Regards,
CA Riya Agarwal
CEO, UPACA Gurukul

From The Dean

Dear Students and Parents,

Welcome to the Uttam Prakash Agarwal College of Commerce and Economics. (UPACCE) The management has endeavoured to provide the best of facilities to groom the future finance professionals of India.

This institution has been envisaged as an exemplary educational hub for professional courses in the field of Finance and related streams. The eternal mission and philosophy enshrined in the college motto is to cater to the needs of the modern day students, to equip them with the necessary skills and enable them to succeed in today's demanding industry and economy. Our educational framework is aligned with real world corporate requirements and complemented by the use of cutting-edge technology. Our finishing school programme is a unique concept for the entrepreneurial skills, leadership and personality development of students.

Uttam Prakash Agarwal College of Commerce and Economics is one of its kind in India and will prove beneficial to students across the country as there has been a lack of quality education institutions. With a capacity of not more than 200 students, the college provides the best infrastructure and state-of-the art facilities.

Our college believes in providing quality education with a strong emphasis on a practical approach.

The institute has a clear vision and objective of being an outstanding centre for learning and development of human resources, which is conducive to the fast changing national and international scenarios. We are committed to develop as a value and need based quality education provider in India. Our ultimate goal is to produce qualified and competent professionals responsive to the changing needs of society at both national and international levels. The all-in-one UPACA Campus provides the best environment for aspiring students to establish a strong network with their co-students which will prove helpful in their professional and personal endeavours. The campus is a meeting point where students from across the country come to pursue their professional ambitions. I am sure that students will have a wonderful experience at UPACCE where they will realise their true potential.

I welcome you to join UPACCE in your quest for excellence.

With Warm Regards,
Dr. Manju Agarwal
PhD. (Gold Medalist)
Dean, UPACA Gurukul

Governing Council

Source of Inspiration

*“All that I am or ever hope to be, I owe to my angel mother.
Thanks for being the guiding light, helping me achieve your dreams.”*

This one is for you Maa.....!!
Smt. Radhadevi Jagdish Prasad Agarwal

Shri Jagdishprasad Agarwal
Honorary Chairman

Shri Jagdishprasad Agarwal, CA Uttam Prakash Agarwal’s father, a thorough businessman with rock solid ethics is also known for his social activities. He is a visionary, the captain of this vessel. With his rich experience and superior personality he stands as a robust pillar of the organisation.

Qualify

as a Chartered Accountant

Today this course is regarded as the only one in the field of commerce with a wide-ranging exposure more than any other course. Its unparalleled integration with all the value systems of the country makes it the most intellectually stimulating course in India.

In light of globalization, we aim at creating a new generation of globally competitive providers who can, with confidence, face the emerging challenges in domestic as well as international markets.

Foundation Course: This is an entry level examination for the Chartered Accountancy Course

Intermediate Course: This is the stage of the Chartered Accountancy curriculum after foundation, wherein knowledge of core and allied subjects to accountancy profession is covered.

Final Course: This is the final stage where practical knowledge is acquired by a student during articleship and is tested against the rigorous examination conducted by ICAI.

Articleship Opportunity

Articleship on Campus at UPACA: The Gurukul has tied-up with reputed CA firms across the country and allotted a workplace to these firms within the campus premises.

Students would be registered under such CA firms thereby enabling them to serve their articleship from within the campus itself. During the campus articleship, students would be accommodated at the hostel in the campus.

The articles will be under direct mentorship of the founder CA Uttam Prakash Agarwal, Partner of Uttam Abuwala & Co., Mumbai.

Research Based Articleship : Since inception, the basic requirement of articleship training under CA course has been of complying with CA firms to perform routine work like filing of returns or performing various kinds of auditing functions which is in the nature of mere compliance officers.

All other professions like MBA, Engineering, Law, etc. have a MBA in Finance or Marketing, Engineer in Electronics or Mechanical and a Criminal or Civil Lawyer, etc.

It is time that even CA's hone skills that are more industry specific rather than routine or generic skills. UPACA Gurukul, is our attempt to give to the society a much needed industry specific CA.

During articleship training students will be exposed to research work in the area of Mutual Funds, Insurance, GST, International Taxation, Banking, etc. which will help them to develop expertise in their specialised fields. After completion they may use this knowledge for discharging their responsibilities as a CEO, CFO, COO or a specialised practising Chartered Accountant.

Qualify

as a Bachelor of Commerce

Within the public or private sector, managerial expertise is highly valued and career advancement within the management sphere is supported by a recognised degree as qualification. The B.Com degree from Uttam Prakash Agarwal College of Commerce and Economics focuses on decision-making, management and technology within the business arena and is designed to give the student a strong foundation in the essential skills required for a successful career in business management. Affiliated to Mohanlal Sukhadia University (Udaipur) and accredited by Dept. of Education, Govt. of Rajasthan, it fully equips students with both theoretical and practical exposures, preparing them for a professional course environment.

Following are the three stages to qualify as a Bachelor of Commerce Graduate:

- First Year B.Com
- Second Year B.Com
- Third Year B.Com

CA Course as per the ICAI

Foundation Course

The aspiring candidate for a CA exam should have cleared the Senior Higher Secondary Examination (10+2). Students waiting for (10+2) results can also apply. Students can join a CA program after (10+2) or graduation. There is no restriction in terms of age or percentage secured in (10+2). Foundation Course is the most important examination to be cleared by the candidates in order to enter the profession of Chartered Accountancy.

Exemption from Foundation If

If any Commerce Graduate/Post-Graduate who has studied any 3 full papers of 100 marks each out of:

1. Accounting
2. Auditing
3. Income Tax Laws
4. Corporate Laws
5. Economics
6. Management Accounting
7. Mercantile Laws
8. Costing
9. Business Administration
10. Indirect Tax Laws
11. Management Including Financial Management

and passed the examination by securing a minimum aggregate of 55% of the total marks or its equivalent grade from any recognized University is exempt from appearing for Foundation and can directly appear for the next level i.e. CA Intermediate Course (Former CA IPCC).

Intermediate Course

For enrollment, a candidate should pass both Foundation and 10+ 2, before registering for Intermediate Course.

CA Final Exam

For enrollment, a candidate can appear for the Groups or Group I or Group II as the case may be subject to fulfilment of following conditions:
The candidate must have passed the Intermediate Examination.
The candidate must have completed the practical training as required by ICAI.

Bachelor of Commerce as per Mohanlal Sukhadia University

The course for the examination shall extend over a period of 3 years:

F. Y. B.Com S. Y. B.Com T. Y. B.Com

A candidate passing Senior Higher Secondary Examination (10+2) of Board of Secondary Education of Rajasthan or an examination recognized as equivalent thereto and securing 45% and more marks in the aggregate shall be eligible for admission to F. Y. B.Com and similar terms and conditions would be applicable for S. Y. B.Com and T. Y. B.Com.

Foundation Course

- 1. Principles and Practice of Accounting
- 2. Business Laws, Business Correspondence and Reporting
- 3. Business Mathematics, Logical Reasoning and Statistics
- 4. Business Economics and Business and Commercial Knowledge

- Financial Management
- Goods and Services Tax/Indirect Tax/
- Computerised Accounting
- Human Resources Management
- International Trade & Finance/Fundamentals
- of Insurance/Business Mathematics
- Management Accounting

Placements

Steps To Become
A Chartered Accountant

Stage 1 : Fundamentals

In this stage, students would be enlightened with the elementary rules vital for understanding work culture. This would enable them to act and react in an appropriate way which shall be a key for unlocking corporate deadlocks.

Stage 2 : CA and its Prospects

In this stage, students will be given complete clarity on the profession and its prospects. For e.g., realistic distinguishing features between “CA in Service” & “CA in Practice” will be clarified. Also, all the current updates will be thoroughly discussed. This will erase all the unrealistic views about the profession.

Stage 3 : Competency Training

In this stage, major emphasis would be given on communication skills & soft skills which are mandatory to survive in the real world. It is pertinent to note that only practical knowledge will be given and no theoretical exam will be conducted. However, practical exams conducted will be rigorous. This is the personality development stage.

Stage 4 : Technical Training

In this grooming stage, students will be taught the art of presentations. It is necessary to be computer savvy and well-versed with the professional corporate culture.

Illustrious Visiting Faculties

The privilege of global insight into the fields will be provided by visiting faculties from globally renowned institutions, while prominent personalities from the CA profession, the corporate world and related disciplines will visit as guest lecturers.

For instance, Learning online financial modules of Reliance Mutual Fund through animation.

We are committed towards the development of the Commerce and CA profession. All worthy

students shall be encouraged towards pursuing CA course. With the objective of encouraging academic excellence, Scholarships are awarded to meritorious students at UPACA Gurukul. UPACA Gurukul grants different levels of scholarships on the basis of a student’s merit. Scholarships will be awarded to:

- a) Top 3 students for 2 academic years on the basis of 50 admission strength
- b) Top 6 students for 2 academic years on the basis of 100 admission strength
- c) Top 9 students for 2 academic years on the basis of 150 admission strength
- d) Top 12 students for 2 academic years on the basis of 200 admission strength

The minimum eligibility criteria for Scholarships are 90% aggregate marks in Std. 12th from any Central/State Recognized Boards and passed Foundation Examination from UPACA Gurukul. The students eligible for Scholarships as mentioned above are requested to fill the Scholarship Application Form, a copy of which can be had from Gurukul Office or printed from our website. While submitting their applications, the students must enclose a certified copy of their relevant mark sheets and a formal request letter co-signed by parents, addressed to: The Chairman, Uttam Prakash Agarwal Foundation Trust, 409/410, Gundecha Industrial Complex, Akurli Road, Kandivali (East), Mumbai – 400101.

The application must be submitted directly to the Principal along with enclosures as mentioned above. Illegible, incomplete forms or enclosures & false information will lead to rejection.

Admission At UPACA Gurukul

Admission to students at UPACA Gurukul for pursuing B.Com Graduation along with Chartered Accountancy Course will be subject to passing the Online Admission Test (OAT). OAT has been designed to analyze the fundamental concepts, academic personality and overall attributes of the candidate. This test does not examine the knowledge of CPT topics, but it examines how well the students know the concepts taught up to Std. XII. Apart from this, the test also examines whether the candidate possesses logical reasoning capabilities, verbal aptitude, common sense and analytical aptitude.

Gurukul Hostel

UPACA Gurukul provides state-of-the-art infrastructure accommodation for boys and girls in separate divisions. The lush green environment is nurturing and provides one of the most balanced and healthiest lifestyles. Gurukul Hostel is going to be located in the campus close to the Gurukul building. Each student shall be provided with one bed, one study table along with chair and independent almirah with attached bathroom and toilet as a part of the Gurukul hostel facilities. All these facilities go a long way in ensuring productive campus life and provide a perfect ambience for academic pursuits.

My views regarding UPACA Gurukul.

Firstly I would like to thank Uttam Sir for providing me with such a golden opportunity and my parents who believed in me.

It is surely a privilege to be a part of the UPACA family. It has been 10 long months on the campus and I never missed my home and the credit goes to the staff, the faculty and my hostel mates.

UPACA has not only helped me in academics but has given me a chance to introspect myself and explore my true potential.

Apart from academics, I have learnt many qualities like management, by working in different committees and organising events, independence and self esteem.

Truly speaking UPACA is the best place to Discover True Learning and also Discover True Self.

I will always be indebted for all the qualities and true knowledge I have gained here.

I once again thank UPACA for giving me a life changing experience and also Uttam Sir for giving CA aspirants like us a place like this to explore.

“UPACA Gurukul is a visionary idea to solve problems faced by students who are committed to becoming Chartered Accountants. I remember during my days as a student how much of a struggle it was to balance CA studies with articleship and a bachelor's degree in college.

Inadvertently, students end up having to compromise on one of the above - resulting in either poor attendance in college, a sub-standard articleship experience or lack of focus on CA studies; in extreme cases, all of the above. Having a one stop solution for all needs of CA students is a great solution to this problem.

One of the key barriers for students pursuing CA is the lack of focus, being distracted into multiple other courses most often due to peer pressure. Guess what? UPACA is an entire ecosystem purely dedicated to CA.
No distractions = better focus = great results.

It was my privilege to be part of this initiative during my tenure at Uttam Abuwala and Co. - an opportunity only a visionary like CA Uttam Prakash Agarwal could have offered to a fresher like me.

Working under his guidance has indeed played a major role in building a strong foundation for my career.”

What is an articleship?

According to people it is practical training that CA students undergo when they are through their IPCC group 1 or either of the groups as per the new course. However, according to me articleship is something more than that. Articleship should not only comprise of filing tax returns, learning the documentation, and learning about audit and audit procedures.

Filing of tax returns and documentation is something that anyone can do. But as an article we should know more about the emerging issues that come up around the world. Taxation and auditing however are diminishing in their field of scope but there are bigger platforms such as international taxation, private equity investment, venture capital and treasury to know about and work on. I, as an article, want to learn these things rather than following a traditional earning framework that all articles follow. I, as an article, aspire to become an industry specific Chartered Accountant.

Very few students learn about crypto currencies and have some research done, whereas these issues are of significance. Henceforth, my articleship journey should be full of knowledge and research done over topics that have weight, importance and stature.

So here I am at UPACA Gurukul, where Uttam Abuwala & Co. provides industry based articleship, for a better and a brighter future, where I will have a name made for myself already before qualifying as a Chartered Accountant .

Be Different. Be Successful.
